

Rigging Loft Management

Swire Oilfield Services offers bespoke rigging loft management services to support our customers lifting operations on and offshore.

As well as the in-house manufacture of wire rope slings, we have an extensive network of distributors for lifting equipment and can supply for sale or hire with the option to maintain the equipment on an ongoing basis through either six monthly equipment change outs or site surveys carried out by our team of LEEA qualified lifting equipment engineers.

Key Services

Rigging Loft

- > Our range of standard or bespoke rigging lofts are available in a variety of sizes to meet our customers operational requirements and are equipped with workbenches, shelves and runway beams to ensure all equipment is stored correctly

Lifting Equipment & Accessories

- > We can supply a range of lifting equipment and accessories such as slings, shackles, beam clamps and pad eyes for hire or sale

Rigging Loft Management

Certification Management

- > Swire Oilfield Services can manage the certification of the rigging loft and lifting equipment so that our customers can be assured that they are operating at the highest standards at all times

Inspection & Maintenance

- > Management and facilitation of the necessary inspection and maintenance of the rigging loft and lifting equipment, both on and offshore, to ensure our customers operations meet international compliance regulations
